Related to the Web, how would you define your main role?
- [ ] Developer
- [ ] Web Designer
- [ ] Information Architect
- [ ] Webmaster
- [ ] Writer/editor
- [ ] Project Manager
- [ ] Usability Expert
- [ ] Other:

How much of your time is spent doing work on the Web?
- [ ] Full-time
- [ ] Half of my work is web-related
- [ ] Most of my work is web-related
- [ ] Web is a small part of what I do

What areas of Web work do you feel comfortable doing? Check all that apply.
- [ ] Markup (HTML, XHTML)
- [ ] CSS coding
- [ ] Image editing/production
- [ ] Page layout, interface design
- [ ] Accessibility testing/knowledge
- [ ] Front-end programming (JavaScript)
- [ ] Writing/editing
- [ ] Information architecture/wireframing/sitemapping
- [ ] Video production
- [ ] Usability testing/knowledge
- [ ] Social Media
- [ ] Other:

1. What kinds of tools or resources are you interested in learning more about? (Be as specific as possible.)

2. What presentation topics would you like to have presented at the WLG? Would you be willing to present?

3. Are there past presentations you would like to have presented more in-depth?
4. Do you know of anyone on campus who might be interested in presenting a topic at the WLG?

5. Do you find the content in the WLG meetings useful?

6. Of the items covered in the WLG meetings, what kind of content do you find most useful?

7. Any other suggestions? (meeting time/place, structure, content)

Thank you!
