### Student Achievement

#### Example1: Student Learning Outcomes

SLO 1: Students use planning knowledge to create planning solutions for a project.

Our target for this measure is that 80% of students will earn competent or highly competent in demonstrating and applying planning knowledge.

UPD 412WI is the final senior capstone studio course that provides an opportunity to engage in an applied planning project. Below is the percent of competent or highly competent mark on the measures assessed based on the project report of UPD 412WI.
