Diversity Advocates – Spring 2016 Reboot!

Wednesday, February 3rd, 2:30-3:30pm

Review of the Charge:

The Diversity Advocate Program at UMKC is a joint effort of the Chancellor's Diversity Council and the UMKC Division of Diversity and Inclusion. The purpose of the program is to bring faculty, staff and eventually students together who are committed to promoting diversity and inclusion, civility and social justice in the university community. To build a campus-wide, trained group is essential to achieve a unified understanding of diversity and to implement diversity action plans within schools, departments, programs and units. Only with diversity advocates can we lead an organization-wide diversity strategy.
