**Missouri Prayer Amendment**

**Official ballot title**

Shall the Constitution be amended to provide that:

- The right of Missouri citizens to express their religious beliefs shall not be infringed.
- That all public schools shall display the Bill of Rights of the United States Constitution.

**Fair ballot language**

This amendment would amend the Missouri Constitution to provide that:

- The right of Missouri citizens to express their religious beliefs shall not be infringed.
- That all public schools shall display the Bill of Rights of the United States Constitution.

**Misunderstandings and Speculation**

There's a concern that even if these legal rights exist, they may not be publicly known or understood as such.

- If citizens were to say, “I don't want to study this,” they may not have a problem with it.

- If students can opt out because they don't want to apply understandings, the law may not be as widely accepted.

- Students were to say, “I don't want to study this,” it may not be as widely accepted.

**Questions and Concerns about the Amendment**

- If students were to say, “I don't want to study this,” it may not be as widely accepted.

- Students were to say, “I don't want to study this,” it may not be as widely accepted.

**Support and Opposition**

There's the concern that even if these legal rights exist, they may not be publicly known or understood as such.

- If citizens were to say, “I don't want to study this,” they may not have a problem with it.

- If students can opt out because they don't want to apply understandings, the law may not be as widely accepted.

**Consequences of the Amendment**

- If students were to say, “I don't want to study this,” it may not be as widely accepted.

- Students were to say, “I don't want to study this,” it may not be as widely accepted.

Central United Methodist Church offers more than an aesthetically pleasing presence on Kansas Street. The church has functioned as an opportunity for students to meet other members and socialize.

Peter Brooks

College ministry provides more than free meals

Student Ministry provides more than free meals

1. What are the main activities and goals of the Student Ministry program at Central United Methodist Church?

2. How does the church's location as a major influence for reaching orientation or belief?

3. What are the benefits of attending church after moving to college?

4. How does the church's renovation and expansion benefit the community?

5. What are the new areas for business development that the church aims to explore?

6. How can students participate in the church's events and activities?

7. What are the advantages of purchasing online for textbooks at UMKC's bookstore?

8. What are the consequences of returning late or losing textbooks?

9. What are the options for students to save on textbook costs?

10. How can students access the estimated time of arrival of books and view prices and balances?

11. What are the risks and benefits of using credit cards to purchase textbooks?

12. What are the ethical considerations of using textbooks from sources other than official channels?

13. What are the challenges and considerations for students to balance their budgets and ensure timely textbook purchase?

14. How can students ensure they have access to all necessary materials and avoid late fees?

15. What are the responsibilities and actions required to effectively manage textbook expenses and accessibility?

Donations drive spearheaded by UMKC professor will benefit impoverished African universities

100 percent for women and 50 percent for men and there is an urgent need for teachers, especially of English.

Dillo's desire to execute this project stems from more than his dedication to the Olympic movement and making it accessible to as many people as possible.

For the only public school in the country, there's a strong need for bike education, but still doesn't garner enough attention to gain multiple copies of essential textbooks.

UMKC offers several resources on campus that can help students get access to their bikes or purchase new bikes. Some include bike locks, helmets, and bike repair kits. Information is also available online for students who already own a bike.

UMKC Recreation Center offers a daily bicycle checkout program as a part of the campus' Recreation Center. UMKC also offers a bike sharing program in cooperation with BikeKC. Bicycles may also be rented from the bike shops around the area.

Supporters are encouraged to join the effort to help educate and assist Bujumbura, the capital of Burundi, and to continue raising awareness for the project.

Prayer: Amen.

The road ahead

Access to a surplus of reading material is one foreign language education priority in the African continent. Students at the University of Burundi lack access to essential reading materials, which could greatly benefit students.

Miller recommends that the government and international organizations prioritize education and literacy efforts to provide children with the opportunity to learn and succeed in their studies.

According to Ebersole, there is a system-level discussion among the professors of the University of Missouri and Stephen Graham, the senior associate vice president for academic affairs. A lot of the challenges with the language barrier.

It's important to stay safe and respect traffic rules, such as wearing a helmet, following traffic signs, and using hand signals when turning at intersections.

The Hub offers students, faculty, and staff the opportunity to rent a bike for up to a semester. The program is open to all returning bike riders and is available year-round.

Other community members and organizations who are interested in bike education may contact the Hub for more information.

Supporters are encouraged to contribute to the project and help raise awareness for the importance of education and literacy in Burundi.

Jordan Rideout and David Sarabia: Soccer players' talent comes from experience and discipline.

**Men's soccer team promises a great season for UMKC**

Dan Moreno  Staff Writer

The time has come for the soccer team to prove its skill. This year's squad appears to be well prepared and hoping to bring the Sun Belt Conference championship back to UMKC.

What's new for Coach Lucas Benben's team this year? "We've added new players to the roster," he said, "one goalkeeper, five midfielders and two forwards.

Junior Diego Figueroa is from Chile, and came from Florida to play for the Roos. "I'm going to help my team," he said. "I'm going to help the defense and attack." He also addressed the team's preparation. "They're great players, that's why they are here," he said, "Lucas Benben said. "Everyone's excited for this season." The primary job of any forward is to score goals. The Roos will have to rely on their forwards to score goals. "Lucas asked me to be the leading scorer," said Rideout. "That's my goal to score goals and be the leading scorer."

Sarabia has experienced many games already. "I've been with the soccer team for 2 years," he said. "I can't, including the rebuilding stages, anything without7 George Lucas."

Soccer players' talent comes from experience and discipline. "We have some-year experience, being a leader in active goals," said Sarabia. "I have scored two goals last season, they were important to the team."

Wii Hours of the Day

"Wii Hours of the Day" is a computerized interactivity program by which, by seeing a computer station, the body provides feedback to our brain," she said. "It's a way to see how the mind and body are working together."

"The apps are great for those who are not good at soccer, but want to learn," said Rideout. "They are great ways to improve your game." The apps are available for free on Android, Windows, iPad, and Windows Phone. "We graduated our soccer goalkeeper," said Rideout. "Coach basically wanted me to see if I still had the ability to play in the goal again. After not training [in that position] you start getting rusty and not to use it and all that.

"After a few games, Sarabia switched back to forward. Even though he only played two goals last season, he is the only game winner and goal scorer since its opening in 2007. Her role varies from student counseling to supervising the Doctoral students who are training to become psychologists and managing the Center's outreach activities.

"It's an honor to become part of the UMKC family," said Rideout. "I want to do something that I love and I want to do it for our team."

"We have some serious goals for this season," said Rideout. "We want to make it to the MBC, and we want to win the Summit League." The apps are great for those who are not good at soccer, but want to learn," said Rideout. "They are great ways to improve your game." The apps are available for free on Android, Windows, iPad, and Windows Phone.

Students discuss school's gay-friendly reputation

UMKC is one of approximately 90 universities in the country with a professionally-staffed LGBTQ+ center. At UMKC, the office raises awareness through diversity and sensitivity training. Many faculty and staff members, including residential life employees, go through “Safe Space” training to become understood LGBT realities. Many feel UMKC’s gay-friendly reputation is well deserved.

"From what I have seen, no one has ever pushed me any further or targeted that we don’t have an LGBTQ+ center at UMKC," senior Tess Rees said. "I think they make an effort not to exclude anyone. They have rallies and get-togethers that are well advertised. I think it’s a good accomplishment and I think that it absolutely benefits all types of people," sophomore Bailey Whitaker said. "The LGBTQ+ program is a big thing here."

The UMKC LGBTQ+ office also maintains the Rainbow Lounge in the Student Union. The lounge contains a television, four computers and free printing. Walls are lined with LGBT-related books.

Within the Student Affairs office, a LGBTQ+ Resources Coordinator plans programs and services that promotes awareness.

Ask Phoenix

From relationships to walking in heels

Dear Phoenix,

How do you deal with everyday bigotry?

Sincerely,

Great question. It really depends on the situation. But for the most part, I know I get mid-finger peacefully every once in a while because there will always be people who just don’t like you. Everyone will have a different opinion on things. There will always be people who disagree with you. Bigots are people who want to treat others like they are. It’s not true for everyone, but I think we are all a bit of an ass, so that’s all I need.

When someone crosses from peaceful disagreement to blatant discrimination, then I start to come back with a nasty rebuttal, arms wide open,干净的 mind, and a tail of starting a fight. I’m also someone who can open someone’s mind by challenging our differences, if the bigots are willing. When I challenge their views, I do support their personal values, I do not enter an argument with them, I instead let them get their feelings out for your skin. You deserve to be treated and anyone who does otherwise isn’t worthy of your time.

Dear Phoenix,

I remind myself every day to be a positive person. I follow a fine moral of, “If you are in immediate danger or in crisis, please call 911. Contact the National Suicide Prevention Lifeline at 1-800-273-8255. Contact the UMKC Counseling Center at 816-235-1635.”

I’m sure anti-war anti-gender bias exist at Walmart, because it seems to thoroughly enjoyagering employees of both sexes.

Another “trick of the trade” is to call it a “Wendy-ness” for a reason; they may have good skin care goods. Women may be made up, but it is completely worth it. You will definitely get a quality for the relatively cheaper products.

I meet a libertarian at Walmart who told me about his experience of working as a sex slave or dying of malnutrition. It’s not like their countries were the victims of European colonialism or anything worse than the average nightmare. I am beautiful, no matter what any bearded lady they saw in their dreams. I am beautiful, unique and wonderfully blessed.

In last week’s U-News, I wrote about how McDonald’s runs non-organic and non-reusable products, which changed our perspective on fast food’s value to society. Basically, I decided to create a campaign to disrupt McDonald’s in the Plaza. I think they were a little surprised.

All my worries have been put to rest knowing I have a way to express my outrage, and I receive the following response. Please don’t sue us.”

Asking for your review on the film of this summer, “Argo” won this year’s Oscar for best visual effect. Check out “The Dark Knight Rises” online at unews.com.

Debbie Littles

[Image 129x551 to 242x676]

Looking ahead

Which of these Oscar contenders will be nominated this year?

Elizabeth Golden

Based on the facts it seems unlikely that the film has actually directed. Lorent worked on other Chistian films, but no longer for such visual effect. Check out “The Dark Knight Rises” online at unews.com.

Four-time Oscar winner Clint Eastwood is not about to shock the world. “Sperm” films have been around since the beginning of time, and naturally generate 1 curiosity. It’s clear that Eastwood is the top nominee.

This column would provide insight about what to look for in the next few months to remain interested in the top nominees.

And that’s all I need.

This column would provide insight about what to look for in the next few months to remain interested in the top nominees.

And that’s all I need.

In last week’s U-News, I wrote about how McDonald’s runs non-organic and non-reusable products, which changed our perspective on fast food’s value to society. Basically, I decided to create a campaign to disrupt McDonald’s in the Plaza. I think they were a little surprised.

Looking ahead

Which of these Oscar contenders will be nominated this year?

Elizabeth Golden

It seems unlikely that the film has actually directed. Lorent worked on other Chistian films, but no longer for such visual effect. Check out “The Dark Knight Rises” online at unews.com.

Four-time Oscar winner Clint Eastwood is not about to shock the world. “Sperm” films have been around since the beginning of time, and naturally generate 1 curiosity. It’s clear that Eastwood is the top nominee.

'Pulp Fiction' packs a punch

Kynsie Otto

Senior Staff Writer

Tarantino's 'Pulp Fiction' takes audience by storm with its blend of stylish dialogue, non-sequential plot and numerous pop culture references.

The diner could easily be robbed, and the couple decides to plan their latest heist over breakfast. Once the couple decides on their success of their latest heist over coffee, they discuss the reasons behind their decision.

Bruce Willis, Samuel L. Jackson, John Travolta, and more acclaimed actors like John Travolta, Al Pacino, and Uma Thurman inhabited the roles. The film was well received by both critics and the public. The film 'Pulp Fiction' was well received by both audiences and critics.

This classic is laced with obscenity, violence, vulgarity, sadistic humor and heroin. This is a different and unique take on the traditional gangster story. The chronologically skewed plot and numerous pop culture references make it an interesting film for those who enjoy dark comedy and other elements of Tarantino films. 'Pulp Fiction' is a must-see.

The chronologically skewed plot is the primary reason for its popularity among viewers. The film re-addressing the above. By now, conservative audiences know better than to enjoy dark comedy and other elements of Tarantino films. 'Pulp Fiction' is a must-see.

Reflections on Rep. Todd Akin
Setting the record straight about ‘legitimate rape’

Michele Heiman
Co-Editor

Rep. Todd Akin upset me when he made his controversial comments during a recent TV interview. I am one of many women that feel this way. I am an attorney and a member of the Metropolitan Organization to Confront Sexual Assault. I want to set the record straight on the myth of ‘legitimate rape.’

A ‘myth’ is defined as false or misleading information that is widely believed. In this case, the myth of ‘legitimate rape’ is harmful, dangerous, and needs to be broken down. A ‘legitimate rape’ is a rape that is not recognized by the victim or the perpetrator, and is not perceived as a crime. This myth is based on the idea that rape is a natural or natural process, and that it can occur without a victim or a perpetrator.

The myth of ‘legitimate rape’ is a serious issue, as it can lead to a lack of support for victims and survivors. It can also lead to a lack of education and awareness about rape and sexual assault.

I believe that the myth of ‘legitimate rape’ is a harmful and dangerous myth, and that it needs to be broken down. I am an attorney and a member of the Metropolitan Organization to Confront Sexual Assault, and I am committed to breaking down this myth and educating the public on the realities of rape.

I believe that the myth of ‘legitimate rape’ is a serious issue, as it can lead to a lack of support for victims and survivors. It can also lead to a lack of education and awareness about rape and sexual assault.

In other ways, Kazan is not a typical Russian city. Less than 50 percent of the population is ethnically Russian. Slightly more than half of the population is ethnically Tatar.

While some parts are embroiled in ethnic turmoil, Kazan prides itself on interethnic and interreligious tolerance, dialogue and co-habitation (most Tatars, if religious, are Muslim, while most Russians are members of the Russian Orthodox Church).

My host sister, Camilla, attributes much of this harmony to the residual effects of the Soviet era. Before the Revolution of 1917, most Tatars were segregated from ethnic Russians and were forced to live in the suburbs.

However, equality among different ethnic groups is the only Soviet-era principle Kazan wants to keep. Kazan wants desperately to modernize, and embraces its American-style capitalism with open arms.

Nonetheless, Kazan is deeply mindful of its past. Less than a three-minute walk from the disturbingly popular McDonalds sits the beautiful 18th century Epiphany Bell Tower.

Dark red bricks, a thin frame and looming presence make it a truly unique landmark. The bell tower is a stark contrast to not only the surrounding modern structures, but the 16th century Kremlin as well. In the Kremlin, the massive Annunciation Cathedral shines brightly, almost blindingly white during the day, blue and bright gold onion domes dare one to look toward the sun.

Although much older, Kazan is in many ways like Kansas City. The people are friendly, the food is fantastic and although I haven't found a single Boulevard Wheat, the Russian beer is decent. Most of my American peers were shocked that liquor can be consumed anywhere, but Bowman Street acts like Power and Light to me.

Like Kansas City, Kazan has a huge jazz scene. Jazz bars pepper the city with colorful music and there is an international jazz festival I had the opportunity to attend. However, there weren't many tunes I recognized from back home. The night is billed “Russian Folk Songs,” which seems fitting. From what I have seen, Kazan is great at remembering the past despite a completely new rhythm.
